

Mac's Monthly Advice!

Here are some day-to-day routine switch-ups that will seriously save your budget.

RESOURCE FROM HOME

Try and eliminate all purchases during the work day. This means packing a lunch, bringing coffee and bottling your own water. Switching these activities up can save you around \$800 a year!

UTILIZE PUBLIC OFFERINGS

Pick the library over the bookstore or movie theater in exchange for 300 more dollars in your wallet every year.

EMBRACE BARTERING

Establish a childcare exchange with neighbors or friends so that a night away from the kids doesn't break the bank.

WASH YOUR OWN CAR

Washing your own car as opposed to getting it professionally done can save you serious \$\$\$, from \$100 to almost \$250 a year!
