

Mac's Monthly Advice

April is here and so is your buddy Mac with some tips on saving some cash at the grocery store on your next trip!

Make a plan!

If you see a strange charge on a credit or debit card, you may be compromised. Contact your financial institution ASAP!

Compare prices!

A sudden burst of collections calls or mail notices may mean trouble that you didn't invite. Reach out to debt collectors for verification of the debt with a certified letter.

Clip those coupons!

Check out any denial of benefits on approved medical treatments that your insurance company suddenly won't cover. Also, don't blindly pay for treatments or other medical services you did not receive, or from doctors that you don't recognize. Thieves can steal your medical information, too!

Follow these easy tips and you'll find more groceries in your cart and more money in your wallet!

Love, Mac!
