

# MAC'S MONTHLY ADVICE!

MAC HERE WITH SOME MONEY SAVING KNOWLEDGE NUGGETS TO HELP YOU GET BACK TO SCHOOL WITHOUT EMPTYING YOUR WALLET!

## PACK LUNCHES TO TAKE TO SCHOOL

Save money and manage nutrition for your kids by preparing their lunches for them to take to school each day.

## STICK TO THE LIST

Stay on track and only get the items on the list that the teacher or school provides for your children. Unnecessary items lead to unnecessary costs, on items that most likely won't even get used.

## CHECK PRICES OFTEN

Weekly circulars and direct mailers for stores have competing coupons and offers to get the most \$\$\$ from parents ever year. Make sure you aren't missing out on savings opportunities. Most retailers will match pricing
