

MAC'S MONTHLY ADVICE!

Hot dog! Summer is here and so is your ol' pal Mac with some ideas on how to have some cool fun around Jacksonville this year!

GET IN TOUCH WITH NATURE!

The greater Jacksonville area is home to some really excellent city, state and national parks. Entry fees are minimal (usually under \$5) and there are plenty of things to do. Bird watching the Great Florida Birding Trail at Huguenot Memorial Park, hiking around the thousands of acres of the beautiful Timucuan Ecological & Historic Preserve, or even paddling around the waterways of the Talbot Island State Parks.

A NIGHT AT THE MOVIES!

Jacksonville Beach's famous Moonlight Movies provide families with fantastic flicks to watch for FREE during the summer months. It is tough to beat a night at the movies with a comfortable sea breeze blowing and the nostalgia of a drive-in theater type experience. Check out www.jacksonvillebeach.org/events/special-events/moonlight-movie for the 2018 schedule.

MUSEUMS FOR THE WIN!

Between the MOSH (Museum of Science & History) and the MOCA (Museum of Contemporary Art), you'll be able to check out all sorts of interesting exhibits and art. The Cummer Museum of Art & Gardens is another option. At \$10 or so per adult, this is another great way to learn while you enjoy your summer! And they have free admission on Tuesday afternoons!
