

# MAC'S MONTHLY ADVICE!

HAPPY NEW YEAR EVERYONE! MAC IS BACK IN 2018 TO HELP YOU START THE YEAR OFF ON THE RIGHT PAW... WELL FOOT.

January is the time to take care of those things on your to do list that you keep putting off, such as:

Enroll in your company's 401K plan. Check if your company offers a match and if so contribute the amount to guarantee this "free money".

Sign up for insurance or update your policy to ensure your needs are covered. Make sure both you/your family (health and life) and your property (apartment/house and car) are all insured against events that could have adverse effects on your family's finances.

Create or update your will and estate plan. Ensure your wishes are carried out by completing all of the proper documents for a will and living will, also, make sure appropriate beneficiaries are identified on all your financial accounts.
