

# Mac's Monthly Advice!

*Mac's back with my tips on how to make 2017 the best year yet! If you don't want to know how to handle whatever 2017 throws your way, just do what I do: BARK*

Be reasonable with your expectations of yourself. Set small goals for yourself that you can realistically achieve.

Ask for help. Don't be afraid to ask for help when you need it. There are people out there that can help you achieve your goals for 2017!

Remember and learn. Don't let the same shortcomings that kept you from making 2016 your year come back to haunt your 2017.

Keep trying. Goals aren't things that come easy. Be resilient and don't get discouraged if things don't go your way the first time you try.

Take it from your ol' buddy Mac! A good BARK goes a long way!
